

**82 PERCENT OF YOUR CUSTOMERS' NETWORKS DON'T HAVE COVERAGE, MAKING SMART CARE A HUGE OPPORTUNITY.** Cisco Services are a lifeline for your customers that can make you look like a hero while building recurring revenue for your business. Cisco Smart Care Service provides intelligent, comprehensive network care and improvement for your small and midsize business customers. It proactively verifies that their networks are secure, reliable and functioning optimally, helping them improve employee productivity and get more from their technology investments.

Service contracts cover the entire Cisco network infrastructure with automatic renewals, improving attach rates and easing the burden of contract ordering and management. Ingram Micro offers dedicated Smart Care resources to assist with developing and building your Smart Care business practice. For more information, call Andrew Gates at (800) 456-8000, ext. 66486.
